We, Real Dehydrates, founded by visionary Mr. Dhiraj Bhojani, are having an overall 20 years of experience in Agriculture & Dehydrated Vegetables Business. We established our own Specialized Manufacturing Unit in 2014 accredited with **"BRC A Grade" Certified by FoodChainID Site No.:1013437, USFDA, Kosher and Halal Standards.**

We are located in well-known and well established location in Mahuva, Gujarat, India with geographical and infrastructural opportunities for Dehydrated Onion and Garlic. We are handling production facilities in Dehydrated Onion, Garlic and other Vegetables as well as engaged in Natural Seasoning Spices. The production facilities are managed by a team of well qualified, highly motivated and experienced employees.

We have seen an opportunity to serve value added products to our clients with farm to fork; to perceive our vision to provide best quality product portfolio to our valuable buyer. We have set up a fully equipped facility with most modern equipments and fully automated production lines with pre dehydration procedure to remove residues of pesticides and pathogens which might have been carried forward from the farm. At the final cleaning and processing stage throughout the process we uses controlled air atmosphere that ensures bacteria free environment for the finished goods processing.

We truly believe that for a successful business model we have to focus on customer satisfaction with sustainable product quality with targeted value; and with this credence we have developed our market whole around the world.
