Products		It is brewed with rice grown in Tochigi Prefecture and “natural strawberry flower yeast” sourced from strawberry flowers in Tochigi Prefecture. It is red in color, reminiscent of strawberries, and has a juicy flavor with just a hint of acidity. It is recommended to drink chilled, straight or on the rocks, but it is also refreshing and easy to drink with carbonated water.We recommend that you enjoy it as an aperitif, or it can be paired with ice cream as an after meal dessert.
