Product Characteristics				Use Scenes (Usage・Recipes)				
This jellyfish is harvested from the vast seas of China. While low in calories, it is rich in nutrients such as collagen and sodium. Known in China as a premium ingredient, it is specifically the Bizen kurage (Rhopilema esculentum) variety. Please enjoy its delightfully crisp and chewy texture.				Ideal for restaurants, izakayas (Japanese pubs), and other food service establishments. Enjoy it in salads, sunomono (vinegared dishes), with wasabi soy sauce, ponzu dressing, or other accompaniments. It also pairs exceptionally well with Chinese cuisine.
