Freshy and fruty

The authenticity of the  
terrior

## Sauvignon Vert Fresh

The king of the hillslopes!

Sauvignon Vert is an excellent wine from huge vines that grow at their best in the strong clay and flysch soils.

Delicate aromatics and a light-medium body with a great roundness. Sauvignon Vert is a very versatile wine that pairs well with a plethora of foods. Its gentle nature can also show great promise as a summer hit.

Sauvignon Vert is the second trademark of the Brda region. It has elegance and finesse, where the focus is on the roundness and balance of taste.

The taste resembles pistachio, peaches, and a hint of tropical fruits.
