

Chardonnay Premium

Creamy and fruity

Water for the thirst and
wine for the heart

Chardonnay Premium

The vineyards are on Biljana hill. This wine is from a hilltop, facing southwest. We are taking special care of the vines, using cover crops and unique training systems. We also take special care of the wine. We use the methods of sur-lies and battonage. These convey an engaging, gentle taste to the wine.

The color is straw yellow. The flavors have a citrus and creamy/buttery note. The tannins are soft.

It is very pleasant and gentle. Best to enjoy pleasant company and quality, gentle food.
