

# t e a d r i n k s

Østerberg tea drinks are based on high quality, cold brewed tea which have been paired with complementing flavour notes of fruit juice and spices.

They are 100% natural and have only been sweetened with fruit juice – they contain no added sugars and are generally low in sweetness.

The tea drinks are developed to be a sophisticated addition to the café or dining experience and are a perfect substitute for a generic soft drink or alcohol.

## mint tea, yuzu & rosemary

### fresh & herbal

The Østerberg mint tea drink is fresh with notes of yuzu and rosemary. Cold brewed mint leaves give this tea drink a fresh and green taste, while rosemary and yuzu juice adds a fragrant and aromatic quality. Yuzu is a Japanese citrus fruit known for aromatic and acidic profile.

- Fresh and herbal.
  - Perfect for dining experiences.
- 

## rooibos tea, red berries & chili

### red & spicy

The Østerberg rooibos tea drink offers a full-bodied taste profile. Besides the foundation of rooibos tea, there are notes of fruity blackcurrants, cranberries, strawberries and raspberries. While the pungency from a hint of chili, carries the flavours into the very last second of the drink experience.

- Sophisticated & full-bodied.
  - Perfect for dining experiences.
- 

## white tea, lemon & turmeric

### round & fresh

The Østerberg white tea drink is the perfect combination between the subtle flavour notes of the cold brewed white tea and the fresh lemon juice paired with herbal notes from turmeric root. This beverages offers a very round-tasting beverage, which is easily consumed.

- Balanced flavour palate.
  - Perfect for dining experiences.
