

## GOLDEN BONBON™ Honey Almond Nougat — a unique Canadian Treat

Golden Bonbon almond nougat is a natural, wholesome treat that embodies the heritage of three generations of the Mazzucco family from Asti, Italy. Using only top-quality ingredients from North America, such as almonds, honey, maple syrup, blueberries, and cranberries, we ensure that our nougat is free from trans fat, cholesterol, and gluten, and is certified halal.

### SOFT ALMOND NOUGAT

Made with California almonds (45%), Alberta clover honey (25%) and egg whites. Our soft nougat has a texture quite similar to Nougat de Montelimar from France, light and delicate and not too chewy. ### SOFT ALMOND NOUGAT - CRANBERRY

A unique Canadian delicacy, our cranberries are sourced locally in BC. The tartness of cranberries – visible plump pieces of crimson fruit - pairs well with the sweetness of honey.

### SOFT ALMOND NOUGAT - BLUEBERRY

Only the freshest and best blueberries from local BC farms make the grade in our nougat. The delicate flavour of the blueberries produces a perfect flavour balance to the honey almond soft nougat.

### SOFT ALMOND NOUGAT - ORANGE

All-natural orange peel combined with honey and almonds are a classic combination.

### SOFT ALMOND NOUGAT – GREEN TEA

Matcha green tea, one of the most expensive teas available, lends a complex and fragrant flavor profile to the roasted almonds and honey, as well as a

### SOFT ALMOND NOUGAT – SALTED CARAMEL

Sea Salt Caramel nougat boasts two premium ingredients from France: Guérande sea salt, the most prized of all sea salt, and Normandy cream, France's crème de la crème.

### CRUNCHY ALMOND NOUGAT – SALTED CARAMEL

With the perfect balance of Guérande sea salt and Normandy cream, sea salt caramel almond nougat becomes a luxurious adventure in taste.
