

SINGLE BLEND WHISKY

ORIGIN STORY

Single Blend Whisky is a rare breed: an exceptional combination of our most desired whiskies this calendar year, all distilled at one single facility, Bridgeland Distillery. We blend our malt and grain whiskies together from casks with exquisite quality, character and flavour. An exceptional whisky for every celebration! Our Wheat Whisky and Innisfail Whisky are prominently featured in this year's blend (2025). They have been distilled, barrelled and aged separately. This release showcases rich flavours from the grain coming from Central Alberta.

INGREDIENTS/MASH BILL

Wheat Whisky and Single Pot Still Whisky

PRODUCTION & DISTILLATION PROCESS

STILL: Custom-designed traditional Copper Pot Still

DISTILLATION: Small-batch, 2x distilled

BARREL: French and American Oak casks
Without additives, colouring or chill filtration.

TASTING NOTES

This release showcases rich flavours coming from French and American oak. Its powerful character is well sustained in the aroma, in the taste and in the long finish.

BOTTLE SIZE: 500 ML | ABV: 44.1%
