

“

WE ASKED OURSELVES, ‘IF WE MAKE A REALLY GOOD WINE, WILL IT MAKE A REALLY GOOD BRANDY?’ THE ANSWER WAS YES!

— Daniel Plenzik, Co-Founder & Distiller

## MOSCATO BRANDY

### ORIGIN STORY

Bridgeland Distillery is changing the way the world thinks about brandy by making single-varietal brandy from high-quality wine grapes. Brandy is essentially distilled wine, and while over 99% of the world's brandy is made from a blend of grapes not intended to make a quality wine, Bridgeland Distillery chose to make theirs differently.

Freshly pressed Moscato grapes from California vineyards, arrives in Bridgeland where our wine fermentation is started immediately! Fermentation at a low temperature continues for 4-6 weeks to preserve the most of the Moscato Signature aroma and flavours!

### INGREDIENTS/MASH BILL

100% California Moscato grapes

### PRODUCTION & DISTILLATION PROCESS

**STILL:** Copper Pot Still

**DISTILLATION:** Small-batch, 2x distilled

**BARREL:** Double Oaked with New Bulgarian and finished in mature French Oak casks

*Without additives, colouring or chill filtration.*

### TASTING NOTES

On the nose, this brandy has distinct aroma of Crème Brûlée and beachwood.

The palate is balanced between sweetness and acidity that matches the Moscato grapes this delicate brandy was made from.

A sweet, spicy, warming finish brings it home, with a subtle lingering licorice flavour.

**BOTTLE SIZE:** 500 ML | **ABV:** 45%
