

VERDE®

*The Mediterranean Pearl*

## WHO WE ARE

Verde, since its foundation 1996, has been constantly augmenting its effectiveness in trading domain. Investments have been done in four periods for the company which became stronger with TURKAL Group acquisition in 2018. With all these investments Verde became the leader producer and exporter olive oil company of Turkey.

As the first corporation to place olive-oil in glass bottle in Turkey, Verde is a trademark has been constantly in the quest of innovative distinction such as offering early harvest extra virgin olive oil for the very first time to the consumers.

Verde, acting as the continuation of Mediterranean palatal delight tradition, sustains its growth by constantly taking cognizance of hygiene, quality and health and consolidating the brand reliability both in domestic and international markets.

Verde, due to its reputation to embrace and regard humans, environment and technological advancements and breakthroughs, employs a structure constantly adapting, renovating and modernizing as well as criticizing itself while placing emphasize on continuous development and improvement.

Our corporation has established the management and organization procedures for the purpose of fulfilling the relations and requirements required for the services stated on the trade registry by means of accommodating a discipline conception on optimum levels and thus, specialized in accomplishing of knowledge and experiences accordingly.

Verde, which is the export leader company of Turkey for olive oil and olive pomace oil, exports to 42 different countries. Out of 42 different export countries, especially the United States of America, Canada, Australia, Spain, Italy, Russia, the United Arab Emirates, Morocco, Malaysia, Japan and China make up 85% of the company's total turnover.

# Extra Virgin *Olive Oil*

Extra Virgin Olive Oil is a perfect olive oil from Verde with the lowest free fatty acidity. The unique olives carefully picked from the olive trees and directly starts to the journey. Washed olives are carefully filtered and bottled.

Its taste makes you feel a very mild burning in the nasal passage and a rare bitterness in the mouth. Thus, you will feel the unique taste of olive oil more intensely. It appeals to your palate with its flavor and lightness, and to your whole body with the beneficial ingredients it contains.

Since its production is completed without being exposed to heat, all useful components remain hidden. It does not contain any additives or preservatives.

It is the ideal oil with its taste, odor, naturalness, rich aroma and vitamins it contains. It adds flavor to breakfasts and salads as well as meals.

# virgin *Olive Oil*

The most beautiful olives of the Mediterranean are collected just in time and squeezed with care. Verde Virgin Olive Oil adds flavor to magnificent salads and main dishes in its bottle.

They are suitable for direct consumption, free fatty acidity in terms of oleic acid not more than 2%, attracting attention with their taste.

We recommend it to be used in salads and cold dishes, and to be used in hot dishes by pouring on them when they are almost cooked.

## pure Olive Oil

It contains the unique aroma of olives with its taste and smell. The most delicious and ripe olives of the Aegean are carefully selected.

It is an olive oil with a color changing from green to yellow, with a unique taste and smell. It combines the lightness of acidified olive oil with the flavor of natural olive oils.

With its carefully balanced aroma and lightness, it turns all tables into a feast.

With its lightness and beneficial olive oil ingredients, you can use it in all meals, frying and pastries.

## Olive Pomace Oil

Olive Pomace Oil is an edible oil obtained by adding Verde Extra Virgin Olive Oil to Verde Refined Olive Pomace Oil which is produced in high quality.

It is distinguished from other edible oils with its 100% olive production and beneficial ingredients. It is preferred with its reasonable price, health friendliness and taste. Verde, quite light with the right techniques refined pomace oil which turned into a delicious oil is the biggest manufacturer in Turkey.

This oil is ideal for frying in addition to meals, since it is specially prepared to withstand high temperatures and enhance essential properties of olive oil.
