

# Master Fisherman's Soy Sauce-Marinated Squid

150 g pack

500g pack

Product Sizes : 150g, 500g, 1kg

Shelf Life: 12 months (frozen)

Storage: Keep frozen (at -18 °C or below)

**Delicious on its own, and pairs perfectly with other ingredients!**

## 【Product Features】

We use only fresh Japanese flying squid caught in the Sea of Japan. The body and ear parts are finely sliced and marinated in our original soy-based sauce. With its mild flavor, this dish is easy to enjoy and especially popular with women and children.

## 【Cooking Instructions】

Thaw naturally in the refrigerator while still in the bag (or under running water). Enjoy as is, or serve over rice with toppings such as wasabi, green onions, or seaweed for a delicious donburi-style dish.

## 【Ingredients】

Japanese flying squid (Sea of Japan), soy sauce, sugar, high fructose corn syrup, fermented seasoning, coarsely crushed dried bonito, bonito extract, ginger juice, yeast extract.

Allergens: Contains wheat, soy, and squid.
