## PRODUCT SPECIFICATION

Date of Product specification	06 Jan 2026										
Product Name	GF batter mix										
Product Description	<p>Batter powder with excellent binding and high moisture retention properties Gluten-free Food additives are not used/Animal raw materials are not used No use of alcohol raw materials</p>										
Processing plant	<p>UEMAN RYOSHOKU SEIFUNSHO CO., LTD. 2-5-19-13, Tomominami, Asaminami-ku Hiroshima-shi, Hiroshima, 731-3168, Japan</p>										
<b>Product specification</b>											
Net weight/volume of Product	1 kg/bag										
Bags in carton	10 bags										
<b>Packing</b>											
Packaging	Polyethylene bag										
	Length	30 mm									
	Width	185 mm									
	Height	260 mm									
	weight	1020 g									
Case	Cardboard Case										
	Length	150 mm									
	Width	410 mm									
	Height	310 mm									
	weight	10640 g									
Shelf Life from Manufacture	180 days										
<b>Storage Conditions</b>											
Please avoid hot high humidity, the direct sunlight. After opening, please close the mouth, store at low temperature, and use as soon as possible. Please be careful about insect invasion and smell transfer.											
<b>Nutritional Information (The following shows the nutritional value per 100g)</b>											
Energy Content	371 kcal										
Protein Content	0.1 g										
Total Fat Content	0.4 g										
Carbohydrate Content	92.4 g										
Sodium Content	0.13 mg										
<b>Ingredients</b>											
ingredients	percentage content	Origin agricultural produce	country of origin	GMO							
Vegetable oil (domestic production)	Non-dislosure	Perilla	China	—							
Modified starch	Non-dislosure	Cassava	Thailand	—							
Thickening polysaccharides	Non-dislosure	Guar seeds	Pakistan	—							
<b>Allergen under Japanese Food Sanitation Act</b>											
present in the finished product	Not included										
present in the factory	Soy beans
