■ Selling Points of the production process

Berryshka BIO Juniper brandy is a traditional Slovenian drink, which is made by a family distillery in the heart of Slovenia, by the outskirts of a primeval forest of Kočevsko. It is the only certified organic craft juniper spirit, showcasing the pristine natural environment of Slovenia. For its distillation, the centuries old traditional method with our own additional step is used, which preserves the authentic flavours of juniper berries. It is a premium and many times internationally awarded spirit, which embodies purity and simplicity, resonating with the appreciation for nature and craftsmanship. Versatile as a digestive, a pairing for refined cuisines, or a base for elegant and botanical forward cocktails. Its elegant packaging makes the drink suitable for ideal gifts or for premium spirits enthusiasts. BIO Juniper Brandy by Berryshka has also a geographical indication certification and is with that a spirit with a story: connecting Slovenia's rich heritage and family tradition with a modern appreciation for authentic, artisanal products.
