Product Characteristics	Use Scenes (Usage · Recipes)		
Made exclusively from Aichi Prefecture's Fuku Yutaka soybeans, rich in protein, and fermented with only salt and water. Its defining feature is the absence of any additives, resulting in a soybean miso with a balanced umami flavor, free from strong bitterness or sourness. This premium soybean miso recreates the authentic local miso traditionally enjoyed in the region.	For daily miso soup or sweet miso sauce, simmer with sugar, mirin, sake, etc. to create a sweet miso sauce suitable for oden or eggplant dishes.
