STUFFWEL 222

VACUUM FOOD TRANSFER PUMP - LOW FLOOR TYPE

This food transfer pump features a low hopper height, making it easy to check for any remaining meat or product. Can be installed even in factories with low ceilings.

STUFFWEL 219L

STUFFWEL 219L

Cutter Unit

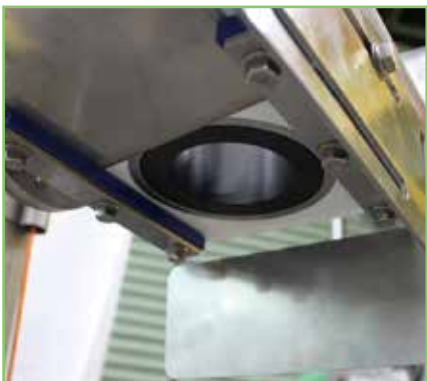

Available in various types with flexible combinations. A range of models is available to match your product shape, output volume, and production speed.

Type 1

[Vertical Shutter Type]

Well-suited for handling thin products.

Type 3

[Horizontal Shutter Type]

Suitable for thick-type products.

Type 4

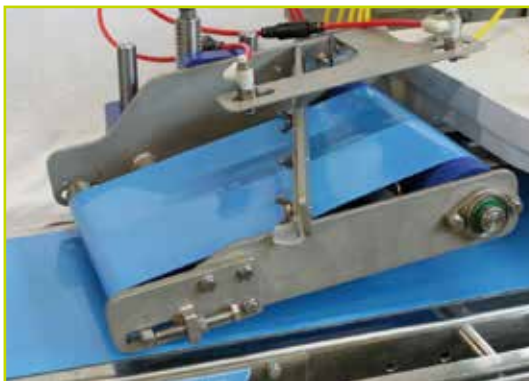

[Dual-Blade Swing Type]

High-speed version of Type 3.
Ideal for products with high production volumes.

Forming Conveyor

Flat Conveyor

Thickness Adjustment Belt

Suitable for forming patty-type products.

Vertical and Horizontal Forming Rollers

Suitable for forming shapes such as barrel-type and hand-kneaded-style products. Forms products in a way that prevents cracking or breakage.
