■ Selling Points of the production process

|  |  |  |
|--|--|--|
| <p>Our oils are produced using a chemical-free, low-temperature cold-press process with no solvents or excessive heat, ensuring superior oil quality. This method preserves natural antioxidants and vitamins in the seed, producing a nutritious and flavorful oil. The process separates oil from the meal, with the oil sold for food applications and the canola meal used for high-quality animal feed.</p> |  |  |
