- Square and rectangle shape products with brand new look and texture
- Fluffy and flexible, ideal for multiple ways of cooking

Shelf Life: 12 Months Storage Condition: -18°C

Lavash

Roti

Pita

Product Code	Description	Pack Size	Weight Per Bag (g)
3349	5" Pita	24/5ct	240

* There is an acceptable range of bag weight.

Features & Advantages:

- Pre-cut pocket for easier operation
- An innovative twist to the traditional sandwich
- Just heat, cut and fill with all your favorite ingredients

Shelf Life: 12 Months Storage Condition: -18°C

Pita

Souvlaki

Product Code	Description	Pack Size	Weight Per Bag (g)
4413	6" Souvlaki Bread	24/5ct	189

* There is an acceptable range of bag weight.

Features & Advantages:

- Soft and flexible
- great for kebabs and dipping
- a convenient alternative as a pizza base

Shelf Life: 12 Months Storage Condition: -18°C

Souvlaki

Storage Tips

- Be cautious and careful when moving the products. Do not throw the cases.
- The package of the frozen tortillas should be located away from the inner wall of the refrigerated warehouse at least 5cm. The space between two piles of products should be no less than 2.5cm.
- The receiving date of each batch of products should be written down. The “early in, early out” principle should be followed.
- Pile the products according to the characteristics of the frozen tortillas. Pallet board should be installed beneath for the ventilation.
- All the frozen tortillas and pre - cut unfried corn chips should be stored in -18°C and the products should be used up within 24 hours after thawing.
- The pre-fried corn chips can be stored in a light proof place with room temperature.
- Natural pigments are used for the flavored wraps which need to be stored under light proof condition.

Heating Instructions

Flour Tortillas & Table Corn Tortillas

Thawing instructions

Remove from the freezer and let stand at refrigerated conditions (1.5°C to 4°C) until fully thawed (approximately 18 - 24 hours).

Remove from refrigeration and let stand for 4-6 hours at room temperature.

Heating instructions

Microwave: Open packet, fold over top of packet and pre-heat the whole packet in the microwave for 1 minute.

Oven: Remove tortillas from the pouch. Wrap all tortillas in foil and heat for 5 minutes at 180°C.

Hot Plate: Set grill or hot plate to 177°C. Heat individual tortilla for 7 - 10 seconds each side.

Steam Cabinet: Heat tortilla package in steam cabinet for a minimum of 30 minutes.

Corn Tortillas for Frying & PCUF's

Thawing instructions

As long as product is not used it should be stored at freezing temperatures.

Product should be thawed prior to using. Once thawed the best storage temp for the opened boxes should be between 0°C - 4°C.

Heating instructions

Before frying bring to room temperature. Maintain frying oil between 176°C - 182°C.

Frying time ranges from 30 - 40 seconds or until oil is no longer bubbling.

Gently move chips or strips with tongs to ensure even frying.

Thin Crust Pizza Bases

Thawing instructions

Thaw at 0°C - 4°C for about 24 hours and then in ambient temperature for about 3 hours.

Thaw in ambient temperature for about 12 hours.

Recommended usage instruction

Bake at temperature 232°C - 265°C for 6.0 - 6.5 minutes (after applying the sauce and toppings).

Flatbreads

Thawing instructions

Remove from the freezer and let stand at refrigerated conditions (1.5 °C to 4 °C) until fully thawed (approximately 18 -24 hours).

Remove from refrigeration and let stand for 4-6 hours at room temperature.

Heating instructions

Open packet, fold over top of packet and pre-heat the whole packet in the microwave for 1 minute.

***All the suggested thawing values refer to products of one bag.**

Company introduction

About Gruma

Established in 1949 in Mexico, Gruma is one of the world's leading manufacturers of tortillas, flatbreads and corn flour, and is engaged primarily in the production, marketing, distribution and sale of tortillas, tacos, corn chips, wraps, flatbreads, corn and wheat flour.

Over 23,000 people are employed globally across all the operations with facilities in Mexico, the USA, Central America, Europe and Asia Pacific. All products for the Asia market are made out of the state of the four art facilities in Malaysia, Australia and China.

About Mission Foods Shanghai

Established in 1959 in North America, Mission Foods is the leading brand of tortillas in Gruma.

The first Mission Foods China plant was built in September of 2006 in Fengxian District of Shanghai. And in February of 2025, we opened a brand new plant in Foshan of Guangdong Province, being our second production facility in China.

The Shanghai plant is ISO1400:2015, FSSC 22000, HALAL, AIB and HACCP certified.

We produce a range of flour wraps, corn tortillas, thin crust pizza bases and tortilla chips for the local Chinese market as well as for export into other Asian, Oceania and Middle East countries such as Japan, Korea, Thailand, Saudi Arabia and New Zealand to name a few.

We supply professional and customized total solutions to different channels and customers, including:

- New products development
- Customized and OEM products
- Continuous quality improvement
- Professional recipe support
