

## About US

Yayla Agro Gıda, with 28 years of expertise in rice, pulses, and processed foods, is a sector leader with its wide product range and advanced production capacity. We offer value-added products through modern facilities and a supply chain that creates value for consumers and partners. Additionally, as a publicly traded company, Yayla Agro Gıda provides confidence to its investors through corporate transparency, sustainable growth, and a strong corporate governance approach.

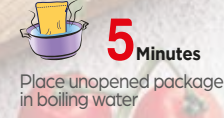

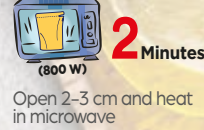

Yayla Agro proudly produces and distributes its own products under the Legurme brand, bringing quality and innovation to markets worldwide. Today, Legurme represents Yayla Agro's global presence, reaching consumers in over 100 countries and establishing the brand as a trusted international name.

**Our Story** is built on creating value by offering healthy and time-saving food solutions that make everyday life easier.
