

Extra Virgin Olive Oil

Extra virgin olive oil is made only from olives, the fruit of the olive tree, using purely mechanical or physical methods under carefully controlled conditions, especially temperature, to preserve its natural qualities.

Pure Olive Oil

Pure olive oil is a blend of refined olive oil and a small amount of virgin olive oil, offering a milder flavor and higher smoke point, making it ideal for cooking at higher temperatures.

Olive Pomace Oil

Olive-pomace oil is the oil obtained by treating olive pomace with solvents or other physical treatments, to the exclusion of oils obtained by re-esterification processes and of any mixture with oils of other kinds.
