SEPENATURAL™

ABOUT US

The Sepe Natural Organic Products Industry and Trade Joint-Stock Company is a thriving company on 21st century and it was established in 1964 by Kasım Girgin as a private company. From 1980 to the present, we've been operating in İzmir since our first store was open in Kemeraltı, the company name as "SEPE" was established by combining the names of the company founder's daughter and son: SEnap and PEyami Girgin, they were the ones who incorporated the company and have been managing it until 2019. The products that are imported, exported, manufactured and distributed are all managed and operated within the company by our company associates, as our mission is to be a SOLUTION PARTNER.

Our major lines of operations are contract private label manufacturing, Exclusive Distributorship Opportunities, Supplying high quality raw materials.

Our major lines of production are OTC products, Food Supplements, Herbal Supplements, Traditional Medication (Conventional, TCM, Islamic), Cold Pressed and Distillated Pure Herbal Oils, Herbal teas and honey mixtures, Pure Turkish Honey. With More than 1000 products in our portfolio!

The support and the transparency of Services we provide, before and after our agreements, have resulted in resounding popularity and become the choice in the hearths of lots people.

OUR VISION

Researcher, innovative and customer oriented
Solution partner;
Being a Pioneer and Strong Brand

OUR MISSION

Is to be a company that makes
Our Customers and Employees Feel Privileged;
By adding value to life
By adopting Quality and Health as a duty
By using all the purity of Nature.

OUR VALUES

Transparency
Reliability
Quality in Service
Responsibility
Team Work
Continuous Improvement
By using all the purity of Nature.

SERVICES WE PROVIDE
WITH OUR
QUALITY ENSURANCE CERTIFICATIONS

Throughout the entire process the goods are inspected and controlled by the Ministry of Food, Agriculture and Livestock with the appropriate analysis within their laboratories. SEPENATURAL™

OUR SERVICES STEP BY STEP

Step. 1 : BRANDING

Step. 2 : PRODUCT DEVELOPMENT

Step. 3 : DECISION OF PRODUCT AND PACKING MATERIAL

Step. 4 : PREPARATION FOR PRODUCTION

Step. 5 : PRODUCT MANUFACTURING

Step. 6 : PREPARATION FOR REGISTRATION AND EXPORT DOCUMANTION

Step. 7 : PRODUCT PACKING AND QUALITY CONTROL

Step. 8 : LOGISTICS

Step. 9 : DELIVERY TO CUSTOMER

STEP 1. BRANDING

We can provide branding services for an existing brand or we can design completely new brand with you.

SERVICES FOR YOUR EXISTING BRAND

A) Review Branding ; to review your brand for your market.

B) Redesign Labels; to cover your current label designs for your existing products.

C) Consultancy For Market Development; to ease your strategy for a hinding Turkish market.

SERVICES FOR A NEW BRAND

A) Concept Design ; to select a concept for your new brand.

B) Logo Design ; to design a logo for your new brand.

C) Label Design ; to design a label for your products.

STEP 2. PRODUCT DEVELOPMENT

We can provide product development services with your existing product formula or with our own stock formulas.

PRODUCT DEVELOPMENT WITH YOUR DESIRED FORMULA

A) Stock Formula ; to use your available stock formula.

B) CO-OP Project; to develop a new formula for your available product.

PRODUCT DEVELOPMENT WITH OUR STOCK FORMULAS

A) Stock Formulas; to use our existing product formulas for your bulk purchases.

B) Stock Formulas with Difference ; to use our existing product formula with minor / major changes.

C) Product Development; to develop a completely new product with a new formula.

STEP 3. DECISION OF PRODUCT AND PACKING MATERIAL

Our product comes in below mentioned forms.

Product Forms

Sizes:

#00	950-1000 mg
#0	400-800 mg
#1	250-580 mg

Types:

Oblong	750-1200 mg
Round	100-400 mg

Types:

Oblong	750-1300 mg

Types

Flacon	10 ml
Syrup	10-400 ml
Beverage	10-1000 ml
Spray	5-50 ml
Drops	5-50 ml

Types:

Fixed, Coldpress

Essential, Distillation

Maseration

Types:

Plant Material

Seeds

Flowers

Powders

Extracts

Packaging Types

STEP 4. PREPARATION FOR PRODUCTION

In this step we sign our agreements about manufacturing and start taking steps forward with your product.

PURCHASE OF RAW MATERIALS -> PURCHASE OF PACKING MATERIAL -> PLANING PRODUCT MANUFACTURING

STEP 5. PRODUCT MANUFACTURING

It is better for you to start looking for logistics inquiries and other neccesery regulations about importing or introducing this product to your market.

STEP 6. PREPARATION FOR REGISTRATION AND EXPORTING

We will proceed with the renowned solution partners to acquire any required documents for your needs.

STEP 7. PRODUCT PACKING AND QUALITY CONTROL

We will be showing you the samples of boxed products and packaging conditions of the goods.

STEP 8. LOGISTICS

We will be releasing the goods from our factory or the agreed method of solution.

STEP 9. DELIVERY TO CUSTOMER

We will wait for the confirmation of the products arrival to your destination and require you to check the conditions the goods were supposed to arrive at your location.

PACKING DETAIL

		
x alleyes - 370x110x210mm)	EUR-Pallet 140 Box	Pro420*loc ± %5 12 Pallet

To be your solution partner;
It is more economic for packing materials to be ordered in larger quantities than planned manufacture.

We can discuss the quantities compared to total order if it is acceptable by production line.

On the logistics part we can discuss these image items and store items according to export plan.

If you'd like to market your formulated products we can open market opportunities for you in Turkey.
