I nostri brand

**Sinisi srl** è un'azienda a conduzione familiare di seconda generazione fondata da Michele Sinisi, che ha iniziato l'attività trasformando le olive e frutta secca in un piccolo laboratorio. Con il tempo l'impresa è cresciuta e si è evoluta, trasferendosi in una sede più tecnologica e rendendo la trasformazione di materie prime d'alta qualità una vera e propria arte, nel rispetto della conservazione e dell'esaltazione delle caratteristiche intrinseche degli alimenti. Ancora oggi l'azienda, guidata da Michele e dal figlio Francesco, mantiene le peculiarità, i valori e l'esperienza di allora grazie alle quali Sinisi è riconosciuta a livello nazionale e internazionale.

***Sinisi srl** is a family business of the second generation founded by Michele Sinisi, who started the business transforming olives and dried fruit in a small workshop. Over time, the company has grown and evolved, moving to a more technological location and making the processing of high quality raw materials a real art, respecting the preservation and enhancement of the intrinsic characteristics of food. Even today, the company, led by Michele and his son Francesco, maintains the peculiarities, the values and the experience of the time thanks to which Sinisi is recognized nationally and internationally.*
