■ Selling Points of the production process

<p>Organic Coconut Milk Powder is manufactured by Nexpo Conversion out of pasteurized milk extract of carefully selected Fine and Fresh Organic Coconuts (Cocos nucifera) grown in Sri Lanka using modern three-stage spray drying technology where natural goodness and exotic aroma and flavor of Coconut is preserved. Wet processing and spray drying are done in a BRCGS Food and FSSC 22000 certified manufacturing plant as per regulations governing both HACCP and GMP under controlled hygienic conditions. Nexpo Organic Coconut Milk Powder is Gluten-Free, Lactose-Free and made with Non-GMO ingredients in a dedicated Vegan processing facility WITHOUT using sodium caseinate. It can be used straight from the pack or mixed with water to make Coconut Milk or Cream.</p>
