

DRIED FRUITS

ORGANIC / NATURAL

We have been a leading processor, packer, and exporter of organic and natural dried fruits, hazelnuts, and frozen fruits in Turkey since 1984.

Human health, food safety, and product quality have always been our top priorities. A thriving natural world, protected wildlife, fertile soil, healthy products, and healthy future generations — this is the philosophy embraced by every member of our team, and it's where we draw our strength from.

We believe that everyone deserves access to nutritious food, produced with deep respect for nature. Guided by this principle, we continue to grow and evolve — committed to sustainability and to preserving the delicate balance of the natural world, while delivering organic, wholesome products.

■ İZMİR-ÖREN DRIED FRUIT FACILITY

At İzmir-Ören facility, which is also headquarters, we process 25,000 tonnes of dried fruits and derivatives annually, offering more than 175 product types – including sun-dried fruits, soft dried fruits, infused fruits, fruit bars, fruit balls, and healthy fruit-based snacks.

Organic fruits sourced from Happy Village Project farmers are carefully stored after passing initial quality tests. They are then processed in our high-tech lines equipped with laser and X-ray sorting systems, undergoing colouring, washing, and sorting.

According to our customers' needs, we complete stages such as cutting, crushing, infusing, shaping, and packaging. Products are packed in various formats including box, doypack, quadro, lunchbox, and pillow pack, following laboratory analysis. We also offer handmade product shaping and special packaging options.

All production stages comply with leading global standards such as BRC and IFS, ensuring the highest level of food safety and quality.

Strategically located in the port city of İzmir, our facility benefits from strong logistic connections to major transfer points, enabling efficient global distribution.

■ HAPPY VILLAGE PROJECT

The Happy Village Project not only enables more than 3,000 farmers registered in the project to transition to organic agriculture, but also focuses on environmental protection and enriching the ecosystem by supporting the natural balance of life in fields and gardens. It also places great importance on training farmers and their seasonal workers in this regard.

The main elements of the project are supplying improvement and sensitivity on awareness of environment and ecosystem; to train farmers and workers working in the fields and gardens of our organic farmers registered in the Happy Village Project as a part of crop management, fair trade, food safety, solidarity and social responsibility to meet their needs and to contribute to rural development.

OBJECTIVES

Environment

We promote organic farming and sustainable agricultural practices to protect and preserve the environment.

Collaboration & Solidarity

We foster strong synergy among Işık Tarım employees, clients, growers, consumers, and everyone in our community.

Traceability & Transparency

All the fruits and hazelnuts we offer are fully traceable—down to the exact field, orchard, farmer, and time of harvest.

Rural Development

We support rural development by improving the living standards of our farmers, harvest workers, and their families—making life easier and better through our Happy Village projects in rural areas.

Working Conditions

We are committed to ensuring safe, fair, and supportive working conditions for harvest workers and their families.

OUR OBJECTIVES AND COMMITMENT TO THE UNITED NATIONS SUSTAINABLE DEVELOPMENT GOALS

ABOUT US

Founded in 1984, ISIK is a family-owned company, who along with its Organic Happy Village Project, grows, processes, packs and distributes organic fruits and nuts worldwide. For 40 years, we've specialized in packing organic dried fruits including figs, apricots, mulberries, raisins, strawberries, dark sweet cherries, tart cherries for retail and private labels.

Every fruit that we provide can be traced directly to the source. We oversee every step of our supply chain to ensure the highest quality produce.

OUR HAPPY VILLAGE PROJECT

In 1991, we created an initiative with the aim of sustainable, transparent and ethical organic farming, to protect our land for future generations.
