## EXTRA VIRGIN OLIVE OIL ORGANIC

Thanks to our limited production, our oils are produced under strict controls on quality standards. The limited production ensures the quality. It's ideal for who chooses a healthy nutrition. It's suitable with any sort of cooking, it is an extraordinary dressing for the typical foods of the Mediterranean diet.

Our Organic Extra Virgin Olive Oil Echioliva Organic is a 100% natural fruit juice, cold extracted and it has an excellent Organoleptic profile.

We make analytical tests conducted in external laboratories, which

control all quality parameters as acidity, peroxide value, etc...

We also make sensorial test to the oils obtained every day, for further homogenization of the oil stored in each tank.

Our Extra Virgin Olive Oil Echioliva Organic is made by artisan procedures, with olives from Ecological culture, cultivated with total absence of chemical compost or insecticides and complying with the Council Regulation (EEC) No 2092/91 for products from the Organic Farming.
