Exterior view

Interior view

Zippered bag can be take out and put in repeatedly to prevent moisture absorption and determination. Inner tray folded paper prevents leaves from collapsing when taken them out.

CHERRY BLOSSOM (Actual size)

We also carry dry edible cherry blossom leaves.

Features

Edible dried cherry blossoms made from cherry blossoms from Tajimi, Gifu Prefecture, grown without pesticides at our own farm and processed using a special drying method. It can be used as is on dishes, baked into rice crackers, on bun, or used in sweets. You can create a sense of Japan and the seasons.
