BACKGROUND:

Organic wine is wine made from grapes grown in accordance with the principles of organic farming , which excludes the use of artificial chemical fertilizers , pesticides , fungicides , and herbicides .

Punctum is committed to deliver unique, value added products. We aim to achieve this through organic and biodynamic agriculture, making wine that stands out not only for the beauty of its aroma or delicacy on the palate, but for being natural and authentic and free of any chemicals.

LOCATION, SOIL, CLIMATE:

In the province of Cuenca near central Spain, our vineyard is located in an area where wine culture has been around for decades . It sits in an altitude of 800 meters above sea level. The continental mediterranean climate of this territory brings plenty of sunlight to the vineyard, and the clay soil retains water, essential for the health of the vines .

VINIFICATION AND SERVING:

Just Organic Wine is produced on our Estate from organically grown grapes . They are night harvested and cold macerated before fermenting.

Serve at 8°C. Works perfectly with dishes that include lime, such as lime chicken or fish tacos .

TASTING NOTES:

A golden hue with green notes . It has fruity citrus and pear aromas with light tropical notes on the nose . Good acidity and long finish .
