Phone Number		010-3661-2406	Fax Number	

## ■ Selling Points of the production process

The company's CEO personally harvests the blue crabs, which are then transported to our in-house processing facility. There, they are immediately sorted using an automated grading machine according to freshness and weight, and rapidly frozen at  $-50^{\circ}\text{C}$ . The crabs are then packaged according to weight and size specifications based on customer orders.

### Pictures

The crabs are caught directly by us.

We sort the crabs with an automated sorting machine.

Packaged according to weight.
