Advertisement feature	<p>This iced coffee is made by blending snow-aged single-origin coffee through three stages of roasting to expand the range of flavors, then cold-brewing it with Hokkaido meltwater. Made with a single brand of coffee beans, this special coffee is bursting with the unique character of specialty coffee, the mellowness of snow-aged coffee, and the minerality of meltwater. It's a straight-up drink, so you can chill it and drink it right away.</p> <p>Kazahana: Colombian sweet berry with a fruity, sweet, and elegant flavor</p> <p>Miyuki: Ethiopian Yirgacha Fibereka G1 with a fruity, juicy sweetness, reminiscent of refreshing fruit juice</p>
